Teacher Mervyn Short

Dancing to CDs

The day will be suitable for those who have a good idea of steps and formations but would like to know more.

Experienced dancers who have ‘picked up’ Scottish country dancing rather than being taught will also find the day useful.

The day will start with a warm-up followed by step practice, skills exercises, formations, dances, and finish with a cool down. The day will focus on good technique rather than learning difficult dances.

Consideration will be given to timing and listening to the music, correct execution of steps and formations, handling, covering, phrasing and finally sociability and enjoyment.

Please note that the lunch break is only for an hour. This allows for a shorter afternoon and to start your journey home before it is dark.

Please bring a packed lunch. Tea, coffee, and squash will be available.
